

Are you passionate about veterinary health care?

Have a strong work ethic and likes to collaborate with others?

At Veterinary Village, we are always here to help and do the right thing for our pets and people.

Seven days a week, we play while we work in a spacious, state of the art facility inspired by canine reproductive services.

Truly unique opportunities lie ahead as we follow pets from birth through their long healthy and happy lives while working with exceptionally kind and knowledgeable staff in beautiful south central Wisconsin.

This is home of the Packers, Brewers, and Badgers as well as some of the finest people in the Midwest.

Share our joy in our busy progressive 6 doctor practice.

We are seeking 2 important positions for our growing practice.

1. An associate veterinarian, DVM, VMD, or equivalent required. New graduates as well as experienced considered. Must have an interest in working with our sophisticated breeder clientele.
2. Practice Manager, MBA or MBA candidate preferred. Veterinary experience not required. We are looking for someone with a strong business background who can bring a fresh look at business management to our growing practice. We have a strong leadership team, using "Traction" looking for a business leader to take us to the next level. We have big dreams.
